Bob, so far I'm very impressed with your work, below is what I found in testing with Chrome and IE 8. Also I was wondering if it would be possible to add the grade received date, this is huge for us at Republic. I'm not trying to bug you, but we use it a lot.

Hi Forest,

Nice to hear from you again. I'm slated to update the laegrader report for moodle 2.x by July. I don't think adding the elements you're asking for would amount to much, if anything. Check in with me again as the time approaches and I'll update you on the progress.

Bob,

I was wondering if I provided you with some financial stimulus or possibly some round trip tickets on Frontier airlines if you could knock out the LAE grader report for Moodle 2, with a few customizations that I had added.

Give me your feedback and cost?

Thanks again,

Forrest Gaston
