

Dataform Application - Group Peer Review

01

In the Overview, the instructor can see all group overviews. In each group overview the instructors sees what the group sees. The only difference is that the instructor can always edit the content whereas groups are restricted by the start and due time.

15

In the Evaluation phase, the instructor can see all group overviews with their submissions. Students can no longer change the content of the activity, but the instructor can. This may be useful in case the instructor wants to upload submission on behalf of groups. For grading the submission the instructor has to click on the 'Grade Submissions' link in the navigation block.
