# 1 Quiz and Questions

The Student-Quiz activity is always represented with Figure 1.

Figure 1: Student-Quiz Icon

Click on the Student-Quiz activity to open it. If nobody has added a question before, the view looks like (Figure 2).

## Programming 1

Create first question

Figure 2: Without questions

If questions were added previously the view looks like (Figure 3).

Figure 3: With questions

## 1.1 Main view

If Student-Quiz is set to anonymous, the names of the question creator are not displayed.

---

### 1.1.1 Actions

You have several actions that can be performed on this screen.

- Create a new question with “**Create new question**” button
- Filter questions with the filter form
- Further select questions by check marking them
- Practice questions on filtered questions with “**Run filtered questions**” button
- Practice questions on checked questions with “**Run selected questions**” button
- Sort questions the different column headers
- Edit / delete own questions formerly created by you

### 1.1.2 Table

The table of this view has six columns with different information.

- **T**, represent the check column. You can select questions to practice them
- **Question**, shows the question name
- **Created by**, shows the question creator, this field may be **anonymous**
- **Tags**, shows tags assigned to a question
- **Ratings**, shows ratings of a questions (1=bad, 5=good)
  - 1 star = very poor
  - 2 stars = poor
  - 3 stars = ok
  - 4 stars = good
  - 5 stars = very good
- **Difficulty**, shows the difficulty of the particular questions, based on answers (from 0=very simple to 1=very difficult)

## 1.2 Questions

To create a question use the “**Create first question**” or “**Create new question**” button. You can select from a variety of questions types. More information about question types can be found at: [https://docs.moodle.org/31/en/Question\\_types](https://docs.moodle.org/31/en/Question_types)

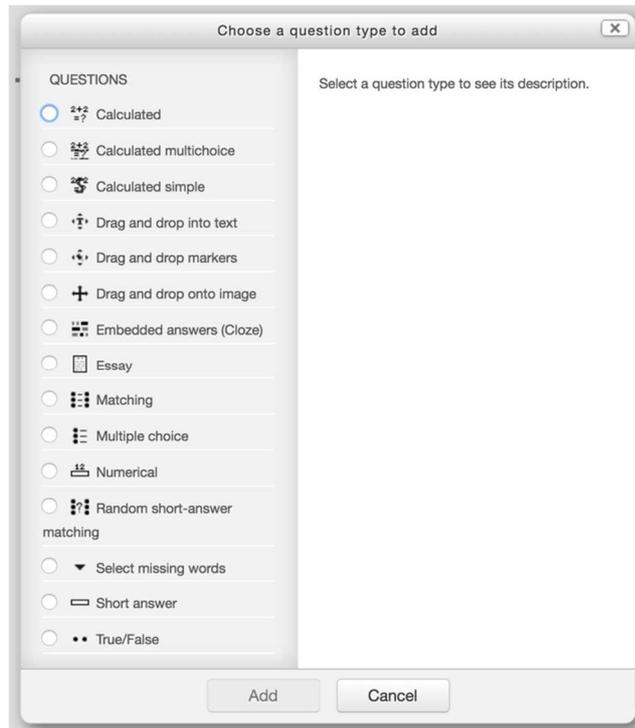

Figure 4: Question Types

## 1.3 Quiz

To practice questions, click “**Run filtered questions**”. You can filter questions to practice a subset of the questions or select some questions in the table and press “**Run selected questions**”. On the following screen click “**Attempt quiz now**” to start the quiz.

### 1.3.1 Quiz view

The Quiz navigation allows jumps to specific questions and finish the quiz with “**Finish attempt ...**”

In the blue box is the question. You have several options:

- You can jump to any question with the navigation or press “**next**” to jump to the next question.
- You can answer the question without checking for the right answer and rating it. The question will be marked gray in the navigation.
- You can answer the question and check for the right answer. The question is marked green for a right answer or red for a wrong answer in the navigation. If the admin installed the addition Student-Quiz Question-Behavior plugin, you can rate the question and can add a comment or read the discussion.

## 2 Report

The report section can be found in the navigation of the Student-Quiz.

Figure 7: Student-Quiz Navigation

### 2.1 Rank

The rank table is used to motivate the students to challenge each other.

#### Programming 1 - Ranking

Rank	Fullname	Points
1	Max Müller	226
2	Hans Muster	78
3	Ingrid Sutter	70
4	Daniel Stark	46
5	Anna Maier	22
6	Denis Frei	10

Figure 8: Ranking Table

You get points for different actions.

- For adding a questions (default: 10 points)
- For the average of stars received for a question (default: 2 points)
- For each correct answer (default: 2 points)
- For each wrong answer (default: 0 points)

---

## 2.2 Quiz

The report quiz view shows an overall of the quizzes you practiced. You can see all quizzes you practiced and can reattempt or continue unfinished attempts.

**Total**

Number of attempts: 4  
Answered questions: 6  
Questions right: 4  
Questions wrong: 2  
Obtained marks: 4
